Gold Brick Swindler Still in Jail.

From the Richmond Dispatch's account of the admission of Frank Smith, the gold brick swindler, to bail, as already announced in the INTELLIGENCER, it appears that although he gave bail in the state court and was released, he is still in custody, having been arrested and held on an United States charge. If he gets out on that there are a number of other charges pending against him, including the one here.

Two of the Victims Buried.

Patrick Duffley, the R. & O. engineer who was killed at Rosby's Rock Sunday night, and Richard Donohue, jr., who met his death on the same ill-fated train, were both buried from St. Joseph's cathedral yesterday forenoon, the interments being in Mt. Calvary cemetery. Both funerals were large. That of the dead engineer was attended by many of his brother engineers from other towns, the railroad company furnishing special trains for their accommodation.

D. L. Heiskell's Funeral.

The funeral of the late Daniel Heiskell occurred yesterday forenoon from the residence of his brother at Echo Point, and was largely attended. Rev. Dr. D. A. Cunningham officiated, assisted by Rev. Mr. Spurr, of Mountaineer. Miss Grace Updegraff sang two solos very sweetly. The pall-bearers were: Judge Joseph H. Paul, Henry M. Russell, William F. Heiskell, Otto Heiskell, W. P. Burke, Robert Crangie, H. C. Datzell and Mr. Brown, of Pittsburgh. The floral offerings were numerous and beautiful. The interment was private at Greenwood.

Liberal Aid for Cameron Fire Victims.

Sheriff A. A. Franzheim and J. K. Hall yesterday afternoon collected \$583.50 from merchants for the Cameron fire sufferers, and will go out on the 11 o'clock train to-day to see that the money is properly placed. Any person desiring to contribute to the fund can leave the money at the INTELLIGENCER office by 10 o'clock this morning. It will be added to the amount already collected.

W. D. Mathews, merchant tailor of Cameron, lost nothing in the fire. He has erected a new building and is ready to go to work.

A Pleasant Entertainment.

At the I. O. O. F. hall last evening the Ladies of Honor gave a very enjoyable entertainment and social, which was largely attended. The following programme was artistically rendered: Duett, piano and mandolin, Misses Annie and Ada Brockhoff; recitation, Master Willie Smith; solo, W. W. McClelland; solo, Miss Ella Mitchell; duett, Misses Nellie Peters and Clara Kramer; club singing, Miss Clara Miller; solo, Miss Anna Williams; recitation, Mr. George Waterhouse; solo, Misses Glenna McConaughy and Grace Martin; Highland Fling, little Ella Mitchell; an Irish sketch, Messrs. Miles and Nesbitt, and a sketch entitled "Rooms for Rent."

A New Business Firm.

The formation is announced elsewhere in this morning's paper of the firm of Kraft, Frank & Co., to succeed to the wholesale notion business of Kraft & Rosenberg. The new firm is composed of Messrs. Samuel Kraft, Herman Frank and Charles Ahrens. Mr. Kraft has been in the business for thirty years, and there are few competitors better equipped for the trade. Mr. Frank has been a merchant at Logansport, Ind., and he brings to the new venture not only plenty of experience, but considerable capital. Mr. Ahrens has been traveling salesman for the old firm an even score of years, and is one of the most popular, as well as most successful salesmen on the road. The new firm will no doubt prove a strong addition to Wheeling's jobbing houses and claim its fair share of business from the start, as the members combine in an unusual degree all the requisites of success.

The pleasant effect and perfect safety with which ladies may use the California Liquid Laxative, Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

Children Cry for Pitcher's Castoria.

WAS ALMOST DROWNED.

An Island Young Woman Falls into the River, but is Rescued.

There was very nearly a case of accidental drowning at the Charleston's ferry float on the city side of the river last night at 9:45 o'clock. A Miss Grocott and another young woman were a little late in arriving at the float to catch the Charleston and one of them succeeded in boarding the boat as it was moving out from the float. Miss Grocott also attempted to make the jump, but the young men who assisted the other young lady missed her and she went into the river.

The boat was at once stopped and several persons attempted to discover the girl in the water. She must have been stunned in her fall for she made no outcry and nothing could be seen of her. It was thought that she had been drowned, but finally she was seen under the guards holding her hands out of the water which was only about five feet deep. Mr. Carl Hamilton, the Island councilman, jumped in the water and pulled the almost drowned girl out. She was then taken to the cabin of the boat and after ten minutes hard work had recovered. She was almost drowned and had help been delayed another minute or two it would have been too late to save her life.

THE REPUBLICAN LEAGUE.

All Who Intend to go to Cleveland next Week Should Send in Notice.

It is to be hoped that all who expect to attend the Republican League club convention at Cleveland, whether delegates or not, will notify J. K. Hall, at the INTELLIGENCER office, or O. R. Wood, in order that ample provision in the way of hotel accommodations, etc., may be provided.

A great deal is expected of West Virginia at this convention, and events may transpire which will long be remembered and mark an epoch in the state's political history. The Tippecanoe club, of Cleveland, is arranging to give the West Virginia people a royal welcome. It is very important, with a possible presidential candidate in this state, that a large crowd go to this convention next week.

The Wheeling & Lake Erie railway will make half fare rates and special service, and by agreeing to extend the limit of tickets to June 30 all who want to take an outing at the lake resorts will have ample time. All Republicans should turn out and boom West Virginia at this great convention.

THE DOGS DOOMED.

All Not Tamed and Properly Collared to be Shot—It Seems to be Time to do so.

Yesterday morning a telephone message came to the police headquarters that a dog with plain symptoms of hydrophobia was at large on North Main street. Officer Ritz went up and found the dog, and shot him as he ran about the street. The officer thinks there is no doubt the dog was mad. So far as heard from the dog had not bitten anybody.

In accordance with the action of council the "dog ordinance" is to be strictly enforced. The chief of police was instructed to kill all dogs on which the tax has not been paid and which do not wear collars bearing their owners' names. It is estimated that of the dogs in town about one in ten have the taxes paid. Yesterday afternoon a man complained that a dog belonging to Mr. Church, of North Wheeling, had bitten him painfully on the right shin. This is the second complaint as to the same dog.

THE GOOD TEMPLARS

OF Eastern Ohio in Session Over at Martin's Ferry.

The district convention of the Good Templars convened in the Knights of Pythias hall at Martin's Ferry yesterday afternoon with a large attendance from the six counties in the district. Twenty of the thirty-one lodges were represented yesterday and other delegates will arrive to-day. Among those present at the opening session yesterday were Grand Chief Templar E. J. Finney, of Cleveland; Grand Superintendent of Juvenile Templars Mrs. R. F. McDowell, of Port Clinton, and Miss A. J. Wheeler, of Chicago.

Several delegates were initiated in the district degree yesterday. The open meeting held last night was largely attended and very interesting.

Sessions will be held to-day at 9 a. m. and 1:30 p. m.

THE EYES.

It has been demonstrated that there is more eye and head aches from the defects of refraction and the use of glasses not properly adjusted than from all other causes, and that it is absolutely necessary to have the eyes scientifically and skillfully examined and fitted with glasses to secure relief and prevent injury.

Those needing spectacles, or their eyes tire or head aches when reading or sewing can consult and have their eyes examined for glasses without charge by Prof. Knell, the Scientific Optician, 1110 Main street, next door to Snook & Co.
